Here is the link to recycle Canon ONLY toners:

Here is the link for HP ONLY:

If you look on HP's website there is a link that say locate a retailer to drop off empty cartridges to be recycled. Ones around here are Wal-Mart, Office Depot, Office Max and Staples

Staples:

http://www.staples.com/sbd/cre/products/3dollar_inkrecycle/index.html

The link says if you spend \$30.00 in ink or toner at staples you can recycle there, everyone should qualify for this because if they are not ordering canon or HP staples is still the place to order ink/toner from per state contract.

KSI also recycles cartridges www.ksiinc.org (422-4014)
